Medication Management

- Drug Utilization Review Board (DUR) approved service authorizations for Antipsychotics
 - Ages 6 and under- May 2014
 - Ages 6 though 12- July 2014
 - Ages 12 through 18- March 1, 2015
- Pharmacy and Therapeutics Committee October 2014
 - Mental Health Drugs was reviewed by the Pharmacy and Therapeutics Committee for inclusion on Preferred Drug List (PDL) – Effective January 1, 2015

Program Updates

- Collaboration with DMAS, MCOs, VDSS and LDSS
 - Established process to share information amongst agencies
 - Ensure information on children is up to date and accurate
- Managed Care Quality Collaborative
- Quarterly MCO Case Management meetings
- Local DSS agency visits post-implementation update at one-year mark
- Child and Family Services manual update

Managed Care Quality Collaborative

- Established a plan that will begin to look at health outcomes for foster care children
- Focus on improving care for this special population
- Ensure that Health Risk Assessments are completed timely
- Ensure population is seeing Primary Care Physician (PCP) within first year of care

MajestaCare Leaves the Market

- MajestaCare closure December 1, 2014
- Unlike the regular Medicaid population, local DSS Service Workers made the health plan change on behalf of FC youth
- Involvement from MajestaCare and local DSS agencies to move affected FC/AA members to new health plan
- Weekly updates were provided for MajestaCare via telephone conference and local agencies received a weekly progress report
- Entire FC/AA population was moved to new health plan by November 18, 2014
